

The questions

Musiq

When I think about all the girls I'm with all the time
Yes, I like to please their bodies but I feel like it's a waste of time
Can you tell me what is wrong? I'm supposed to love the fact that I never gave a girl my heart
And if I told her I did I lied but instead I tore her's apart
Can you tell me how long? 'Cause right now I just wanna be staring into your eyes
Right now I'm so lost but when I find you I'll be found
And I won't have to ask all these questions
Like, can someone tell me where you are? What'll happen if I settle and just go along with what I have?
'Cause there's a difference between good and great
But good wasn't built to last, can you tell me is this all for me? 'Cause right now I just wanna be staring into
your eyes
Right now I'm so lost but when I find you I'll be found
And I won't have to ask all these questions
Like, can someone tell me where you are? What would it take to be
Ooh, in a love I know that's right for me?
And I know that you don't even know me yet
But I believe that one day I'll be where you are
