Gjan

Oh!
Somebody knows.
I'm on the phone.
Talking to someone, they don't know.
Guy on the line.
Just think of that!
I'm talking with someone, that I know.[Chorus]
You are the devil with angel's face.
You're gossiping about your friends.
Look in the mirror.
I think one day.
You may not recognize yourself.
(5x) Oh - You may not recognize yourself.You're exposing your life: "You're always right"
Telling you .. Ah .. Nevermind.
Beauty outside. Dead from inside.
Living in a beautiful lie.[Chorus]
You are the devil with angel's face.
You're gossiping about your friends.
Look in the mirror.
I think one day.
You may not recognize yourself.
(5x) Oh - You may not recognize yourself.You made up the story: "I'm crazy"
No no no - I'm just amazing.
You're crazy!
Shut shut shut your face up, young lady!
They just love the mask,
you put on everyday.No don't tell me: "I'm crazy!"
No no no - I'm just amazing.
Shut shut shut up, young lady!
They just love the mask,
you put on everyday.(4x) Wou - ouh - ouh - ouh - ouh
(4x) Wou - ouh - ouh - ouh - ouh (Enough of gossiping)
You may not recognize yourself.
