Over the Surface

Blowsight

I don't think I remember you this way
I don't see you the way you do
I don't think this will make any sense but
a breakdown belongs to you
And if I can shake things up
if I can make a better story
Would you replace the wings you had?
Would you replace them with glory?
So hold me over the surface - A breakup is the only way to loose it all
I didn't do this on purpose - A breakup is the only way to kill us all
I didn't do this to hurt us - A breakup is the only way to loose it all
I didn't do this on purpose - You gotta understand, I'm staying where I am
I'm never gonna take you for granted
I just want you to be right here
But every second that you're not around me
All deep thoughts sums up to fear
And if I can shape things up
If you're against everything they lived for
Would you stick to promises?
Then I will never trust him anymore
So hold me over the surface - A breakup is the only way to loose it all
I didn't do this on purpose - A breakup is the only way to kill us all
I didn't do this to hurt us - A breakup is the only way to loose it all
I didn't do this on purpose - You gotta understand, I'm staying where I am
Yeah, I'm staying where I am x4
And all the things that I see
it puts me where I am today
I'm not afraid to go away
And all the things that I see
it puts me where I am today
I'm not afraid to go away (I'm not afraid)
So hold me over the surface - A breakup is the only way to loose it all
I didn't do this on purpose - A breakup is the only way to kill us all
I didn't do this to hurt us - A breakup is the only way to loose it all
I didn't do this on purpose - You gotta understand, I'm staying where I am
Just stay strong
We are all searching slowly
Does everything mean "no"?
I know I'm striking gold when

I see your body glow
I didn't know you could be this close to me
But I guess it's true what they always say
I didn't know I could be in this position
Let us be stronger than we are today
The one I see could make me change myself
I want to be like you (and do everything you do)
Support me I don't think too much of myself
And oh, my dreams are few
I didn't know you could be this close to me
But I guess it's true what they always say
I didn't know I could be in this position
Let us be stronger than we are today
One year leaves us where we are today
One year leaves us where we know that we're not alone
(not alone)
We know that we're not alone
But I'm still in this position
Let us be stronger than we are today
Because today is the day
when we have to say, that we shall never be turned away
Cannot be turned away
I didn't know you could be this close to me
But I guess it's true what they always say
I didn't know I could be in this position
Can we be stronger than we are today?
