Boy Like Me

The ACBs

Yeah, yeah!You're the kinda boy who likes the kinda girls
That like to fool around with the boys on the first date
I'm the kinda girl who ain't supposed to like those boys
But I kinda like those boys that like those kinda girlsWell, maybe it's fate, we should meet up for a date
So we can sit around and talk about
Those things we just can't talk about
Like making love and drinking 'til the sun comes upWell, hallelujah, I finally found a boy like me
Lord have mercy, I think I'm in a fantasy
You been talking lots of stuff, saying what you gonna do
And what do you wanna do with me?
Well, hallelujah, finally found a boy like meYou're the kinda boy my daddy used to warn
Would walk into my life and lead me down the wrong way
I'm the kinda girl who tried hard to ignore
Those things that daddy warned about those kinda boysWell, what's a girl to do with a big ol' boy like you?
When we sit around and talk about
Those things we just can't talk about
Like making love and drinking 'til the sun comes upWell, hallelujah, I finally found a boy like me
Lord have mercy, I think I'm in a fantasy
You been talking lots of stuff, saying what you gonna do
And what do you wanna do with me?
Well, hallelujah, I finally found a boy like meWe sit around and talk about
Those things we just can't talk about
Like making love and drinking 'til the sun comes upWell, hallelujah, I finally found a boy like me
Lord have mercy, I think I'm in a fantasy
You been talking lots of stuff, saying what you gonna do
And what do you wanna do with me?
Well, hallelujah, Lord have mercy
Hallelujah, I finally found a boy like meYeah, yeah, like me
