

# Chasing Love

Natasha Thomas

Seems it's always like this, never ending  
I can't stay away  
And I take my chances, put my heart out  
Hopin' it won't break When that moment comes it wipes away  
all of the tears I've cried  
As it takes me over, elevates me here  
Gives me wings to fly Sometimes when nothin' turns out right  
I wonder if it's worth the fight  
Sometimes I wish that I could say  
That I've had enough Still I keep on goin' back for more  
'Cause there's one thing  
I can't get tired of  
And that's chasing love We just give and give in  
Hope of getting something in return  
All the times I've fallen  
Even though I knew that I'd get hurt I'm still looking for you  
Reachin' out  
I'm still waiting for my turn Sometimes when nothin' turns out right  
I wonder if it's worth the fight  
Sometimes I wish that I could say  
That I've had enough Still I keep on goin' back for more  
'Cause there's one thing  
I can't get tired of  
And that's chasing love And wherever it may lead me  
I'll follow, I'm there  
I'm not givin' in, I'm not givin'  
No, I'm not givin' up I've been waitin' all my life  
For this moment to share  
I'll keep hangin' on and no matter what  
I'll be chasing love Sometimes when nothin' turns out right  
I wonder if it's worth the fight  
Sometimes I wish that I could say  
That I've had enough Still I keep on goin' back for more  
'Cause there's one thing  
I can't get tired of  
And it's chasing love Sometimes when nothin' turns out right  
I wonder if it's worth the fight  
Sometimes I wish that I could say  
That I've had enough But I keep on goin' back for more

'Cause there's one thing  
I can't get tired of  
And it's chasing love
