Forever My Father

Seconds Of Summer (Cover)

You don't have to be so scared and you don't have to go tonight
Cause we just need to hold on tight for one hell of a ride
Cause we lost it all just now to the nights that left you out
So we'll let this go somehow but you're gonna be proud (So proud)
Cause I just needed you to pick me up like you did when we were younger
When the lightning and the thunder had me clinging to your heart
For someone to lift me up when I'm down and I'm forgotten
You'll forever be my father and I'll be saving tears in jars for this one
And how can I fit all these words into such a simple verse
It's the last time that we'll speak so you listen to me, please

Cause I just needed you to pick me up like you did when we were younger
When the lightning and the thunder had me clinging to your heart
For someone to lift me up when I'm down and I'm forgotten
You'll forever be my father and I'll be saving tears in jars for this one
Whoa ohoohoo
For this one....
Whoa and I just needed you to pick me up like you did when we were younger
When the lightning and the thunder had me clinging to your heart
For someone to lift me up when I'm down and I'm forgotten
You'll forever be my father and I will be saving tears in jars for this one
