

Cruel Man

Intwine

Sick of reaching this to you
Nobody's listening to something and they treat you like a fool
I thought that it was clear
Nobody sayd that love was fear

Couse I'm a cruel man i'll take it all away
and i'm a king I'm here to stay

I saw myself along the pool
What brings you along this way feeling the lucky one to bleed
But don't you as i do
do exectly as i say

Couse I'm a cruel man I'll take it all away
And I'm a king I make you pay
Couse I'm a cruel man I'll burn it all away
and I'm a king I'm here to stay

Take it all away
I'll blow it all away
Take it all away
I'll blow it all away

Couse I'm a cruel man I'll take it all away
And I'm a king I make you pay
And I'm a cruel man I'll burn it all away
and I'm a king I'm here to stay

And I'm a cruel man I'll take it all away
And I'm a king I make you pay
And I'm a cruel man I'll burn it all away
and I'm a king I'm here to stay
