

Sweet Dream Sleeper

Don Brownrigg

rest your bones
your day is done
your gentle soul
 on the run
close your eyes
hop skip and jump
 on the lam
and over hump

you're never gonna get that far
you're never gonna reach part of your heart
 you sweet dream sleeper
you never gonna reach that high
you never gonna see if loveâ€™s nearby
 you sweet heart keeper

With a heart like a hammer
thump de dum thump thump thump

Chase your dreams
through your nightmares
 Mean your words
and say your prayers
 You left your mind
 go pale and numb
 locked your heart
 out in cold blood

you never wanna reach that high
you never wanna see if loveâ€™s nearby
 you sweet heart keeper
you're never gonna get that far
you're never gonna reach part of your heart
 my sweet dream sleeper
 with a heart like a hammer
thump de dum thump thump thump

dreams arenâ€™t as weak as we are
the mindâ€™s not as weak as the heart

sleep my little sweet among the stars

you're never gonna get that far
you're never gonna reach part of your heart
my sweet dream sleeper
you never wanna reach that high
you never wanna see if loveâ€™s nearby
my sweet heart keeper
On the lam and youâ€™re in the dark
youâ€™re never gonna get close to your heart
my sweet dream sleeper
my sweet dream sleeper
with a heart like a hammer
thump de dum thump thump thump
