Saga

Simon Poole

So unkind
Saga, saga
Let me be fair
Saga, saga
What's your point?
It's a cruel doom
You cut me up like a razor, razor
You're just limiting all the possibilities
You're just limiting all the possibilities...
Just thought it through
Saga, saga
Twisted intent
Saga, saga
What's your problem?
It's a no-rules school
Why you cutting me like a razor, razor?
You're just limiting all the possibilities...
You're just limiting all the possibilities...
Saga, saga, saga
You're just limiting all the possibilities...
You're just limiting all the possibilities...

Just go and put down your knife
Where the problem goes
Tell 'em hold your fire
It's a - eh eh eh eh eh eh
Saga, saga, saga
It's such a saga
Such a saga, saga
It's such a saga
Such a saga, saga
It's such a saga
Such a saga, saga
It's such a saga
Such a saga, saga
You're just limiting all the possibilities...
You're just limiting all the possibilities...
You're just limiting all the possibilities...
You're just limiting all the possibilities...

Saga, Saga, Saga, Saga, Saga, Saga.
Saga, Saga, Saga, Saga, Saga, Saga.
Saga, Saga, Saga, Saga, Saga, Saga.
Saga, Saga, Saga, Saga, Saga, Saga.
