

# Today My Love

## Midnight Star

Today my love weâ€™ll start a brand new today my love  
Let all our worries slip away my love  
Time for us to start anew  
So letâ€™s pray my love  
All our tomorrows like today sweet love  
Weâ€™ll be together this way in love  
You for me and me for you

Canâ€™t quite believe it  
I finally found the one to share my days and nights  
It feels so right to have you in my life  
Donâ€™t you know that you bring out the joy in me  
Ooh

Canâ€™t quite explain it  
Just yesterday it seemed that I was all alone  
No one to call my own  
Now Iâ€™m standing strong  
Cause youâ€™re my hopes, my dreams, my joys, my everything  
Oh â€“ oh

Much like the sunshine on a cloudy day  
Love appears from no place  
Just when I need someone to pull me through  
Youâ€™ll be here for me  
And Iâ€™ll be there for you

It ainâ€™t easy  
We had our share of ups and down  
But thatâ€™s alright  
Love shines the light  
To brighten every night  
Donâ€™t you know that you bring out the best in me  
Oh â€“ oh â€“ oh â€“ oh - oh

Much like the sunshine on a cloudy day  
Love appears from no place  
Just when I need someone to pull me through  
Youâ€™ll be here for me

And Iâ€™ll be there for you

Today my love weâ€™ll start a brand new today, sweet love

Let all our worries slip away my love

Time for us to start anew

Oh yeah

So letâ€™s pray my love all our tomorrows like today sweet love

Will be together this way in love

You for me and me for you

You for me and me for you

You for me and me for you

Ooooh
