Jurisdiction

Tankard

Our clean-cut leaders
In dirty money they deal
Transactions undercover
They bribe, divert and stealIndustry bosses
And the political class
Scratching each others back and
Kissing each other's ass for cashWhere do you see a just societyFuck the law! Fuck the law!
They can do it in your face
Fuck the law! Fuck the law!
When the're in a higher placeWho said we're equal?
Laws only goverb the slobs
No one goes after those who
Do the white collar jobsFor tax evasion
A fine you maybe will pay
But as a demonstrator
They will look you away for sureEquality is just a fantasyFuck the law! Fuck the law!
They can do it in your face
Fuck the law! Fuck the law!
When the're in a higher placeCrime and punishment?
The law is sacred
It makes most people behave
But if you have the power
You make the law your slaveThere is no justice
That's what the proverb says
The small ones always get caught
The big ones always get awayWhere do you see a just society?Fuck the law! Fuck the law!
They can do it in your face
Fuck the law! Fuck the law!
When the're in a higher placeFuck the law! Fuck the law!
They can do it in your face
Fuck the law! Fuck the law!
When the're in a higher place
Fuck the law! Fuck the law!
They can do it in your face
Fuck the law! Fuck the law!
When the're in a higher place
