Lucy's Got A Bomb

Toxic Lab Rats

I think I'm the only one who's got the picture clear
A pretty outside, a dirty inside from a life in fear
A girl to long for but soon you wish sheâ€™s gone
If anyone could see what I see that
Lucy's got a bomb

Hey Hey
Lucy's got a bomb!!
Hey Hey
Soon she's blown and gone
She's gonna blow the whistle, gonna pull the trigger
She's gotta get away
If anyone could see what I see that
Lucy's got a bomb

Perhaps she was just too good to be true
But when you get to know her she's controlling you
Now you have to get away get out break through
If anyone could see what I see that girl just fooled you

Hey Hey
Lucy's got a bomb!!
Hey Hey
Soon she's blown and gone
She's gonna blow the whistle, gonna pull the trigger
She's gotta get away
If anyone could see what I see that
Lucy's got a bomb

She's got a bomb
She's not a bomb
It's so sad she doesn't know
She's got a bomb
She's not a bomb
She's a bitch that much I know

Hey Hey
Lucy's got a bomb!!
Hey Hey
Soon she's blown and gone

She's gonna blow the whistle, gonna pull the trigger
She's gotta get away
If anyone could see what I see that
Lucy's got a bomb
