

# Malted Milk

Robert Johnson

I keep drinkin' malted milk<sup>1</sup>, try'n to drive my blues away  
I keep drinkin' malted milk, try'n to drive my blues away  
Baby, you just as welcome to my lovin', as the flowers is in May  
Malted milk, malted milk, keep rushin' to my head  
Malted milk, malted milk, keep rushin' to my head  
And I have a funny, funny feelin', and I'm talkin' all out my head  
Baby, fix me one more drink, and hug your daddy one more time  
Baby, fix me one more drink, and hug your daddy one more time  
Keep on stirrin' my malted milk mama, until I change my mind  
My door knob keeps on turnin', it must be spooks around my bed  
My door knob keeps on turnin', must be spooks around my bed  
I have a warm, old feelin', and the hair risin' on my head  
Note 1: malted milk, a variation of a milk shake only  
you add a spoonful of malt,  
an extra ingrediant that gives it an additional malted flavor. Thanks to Jimmy  
See, soda "jerk" by confession. Malt is a wheat byproduct, grain (as barley)  
softened by steeping in water, allowed to germinate, and used especially in  
brewing and distilling. See also this discussion.
