Hard To Please

Du Blonde

[Verse 1:]
Why did Georgia wash your clothes and get a job
Pull your socks up leave me love it ain't that hard
So take a seat and let me bore you
Free the white walls play to please and bleed the blues
Calm the cat calls faceless words don't define you
So take a seat and let me bore you
It's not enough that I adore you[Chorus:]
Why's it always so that you were hard to please
Love to the nth degree
Why's it always so true
One heart to please love[Verse 2:]
Take your girl out
Dress her up and buy her shoes
What's the problem spend some cash and make it new
So take a seat and let me bore you
Slam the phone down lay the blame and walk away
You don't own this town you're not why I want to stay
Shut the fuck up let me bore you
I'm not so sure that I adore you[Chorus] [x3]
