Love Note

Ikaya

It wasn't suppose to be this life
I miss you you're gone
And how does someone move on
From something so strong

A lifetime is not too long
If in the end you get to heaven
True love never dies
So I will forever wait till

The earth stand still
The moon fall down
I'm gonna love you
The angels sing the thrumpets sound
I'm gonna love you

Often times I cry
Tears fall
I don't let them show
Deep down only Jah know
Sometimes the things you cling to the most
Are things you gotta learn to let go first
I can't let go the holdin on hurts

A lifetime is not too long
If in the end you get to heaven
True love never dies
So I will forever wait till

The earth stand still
The moon fall down
I'm gonna love you
The angels sing the thrumpets sound
I'm gonna love you

See no matter how hard I try
Can't help myself from missing you
Baby don't you know it that I can't hold back
Something in the universe keeps holdin us
Don't you know that me and you can do without us

Love wouldn't be if i wasn't for us
But its hard for me
In my heart I trust and I know what's best for us

A lifetime is not too long
If in the end you get to heaven
True love never dies
So I will forever wait till

The earth stand still
The moon fall down
I'm gonna love you
The angels sing the thrumpets sound
I'm gonna love you
