

nebraska

Nebraska

It seems like I should know better
I guess I don't know much
When I'm alone I'm everything
But I'm not well beneath it all
Stop staring over my shoulder
Just let me breathe in peace now
Cause all I ask for is a....date
 One date to shine
One date to leave it all behind
 One date, yea!
 One date to myself
 Whoa, whoa, whoa, whoa
It seems like I should know better
I guess I don't know much
When I'm alone I'm everything

But I'm not well beneath it all
Stop staring over my shoulder
Just let me breathe in peace now
Cause all I ask for is a....
 One date to shine
One date to leave it all behind
 One date, yea!
 One date to myself
 Whoa, whoa, whoa, whoa
 One date to shine
One date to leave it all behind
 One date, yea, yea, yea!
 One date to myself
 Whoa, whoa, whoa, whoa
