

# I Feel So Good

Scott H. Biram

I feel so good  
I feel so good  
I feel so good  
I feel so good  
I feel so goodI feel so good  
I feel so good  
I feel so good  
I feel so good  
I feel so goodI feel the shine of sun's rays, right now  
My mind is feeling just so amazed, right now  
And as I think of your love and your grace, right now  
Tears wet the side of my face and race down  
My hands is lifted up and upraised, right now  
I want to know all your ways all my days, right now  
I want every bit of me just to change, right now  
I want to give you everything of my praise, right nowI want to always just call your name, right now  
Even if things get hard just to face, right now  
I want to never lose faith or walk away, right now  
There's nothing to go back to nothing to gain, right now  
See I think about my life back in the day, right now  
I can't believe just how far I've came, right now  
And I'm so glad to be alive and to be saved, right now  
That's why every day this is what I say, right nowI feel so good  
I feel so good  
I feel so good  
I feel so good  
I feel so goodI feel so good  
I feel so good  
I feel so good  
I feel so good  
I feel so goodI have everything I could ever want, right now  
You've given me everything I ever got, right now  
You used to knock on the door of my heart, right now  
But I was like go away uh uh no not, right now  
But now you really got me on lock, right now  
Who would've thought you'd rock my spot, right now  
Now looking back I'm really just kind of in shock, right now  
But the way that you did it is kind of hot, right nowNow you steeped in blew it up kind of like choo choo blow  
Those who saw me change was like check him out now

Even today they think I'm kind of strange, right now  
But that's okay I'm just doing my thing, right now  
And I'm straight on keep heading this way, right now  
And never stray wrong while I just blaze on, right now  
And that's the path I'll always just stay on, right now  
'Cause there's nothing left for me to sayI feel so good

I feel so good

I feel so good

I feel so good

I feel so goodI feel so good

I feel so good

I feel so good

I feel so good

I feel so goodI feel so good

I feel so good

I feel so good

I feel so good

I feel so goodI feel so good

I feel so good

I feel so good

I feel so good

I feel so goodGet them on up right now

Get them on up right now

Get them on up right now

Get them on up right nowGet them on up right now

Get them on up right now

Get them on up right now

Get them on

Ya ready for this? Then what ya waiting for?

Come onI feel so good

I feel so good

I feel so good

I feel so good

I feel so goodI feel so good

I feel so good

I feel so good

I feel so good

I feel so good
