Lazy Head

Alisha's Attic

I dream of it all right here, your love is something I never fear
The more I give away, the more I want
So show me you're a big strong man
Come on, make a weak woman of me
Stay baby, stay
Indulgence is good
Let's play a game
I dare you to dare me
Let's have no shame
Let's take a ride
On an ocean wave
To the land of shut eye
Lay down, lazy head
Sleep like a fish on a seabed
Lie down lazy head
Sleep like a fish on a seabed
I'm falling like rain again
In love with you man
It's like walking through a rainbow
The further that I go, the more I want
The further that I go, the more I want
Stay baby, stay
Indulgence is good
Let's play a game
I dare you to dare me

Let's have no shame
Let's take a ride
On an ocean wave
To the land of shut eye
Lay down, lazy head
Sleep like a fish on a seabed
Lie down, you lazy head
Sleep like a fish on a seabed
We go deep, deep
I don't want to wake up, deep
I don't want to come down, deep
Let's indulge in this, deep
Lay down, lazy head

Sleep like a fish on a seabed
Lie down, lazy head
Sleep like a fish on a seabed
Lie down, lazy head
Sleep like a fish on a seabed
Lie down, you lazy head
Sleep like a fish on a seabed
Lie down, you lazy head
Lie down, you lazy head
So we sleep like a fish on a seabed
