Around the Sun

Arrojas

I want the sun to shine on me
I want the truth to set me free
I wish the followers would lead
With a voice so strong it could knock me to my kneesHold on world 'cause you don't know what's coming
Hold on world 'cause I'm not jumping off
Hold onto this boy a little longer
Take another trip around the sunIf I jumped into the ocean to believe
If I climbed a mountain would I have to reach?
Do I even dare to speak, to dream, believe?
Give me a voice so strong, I can question what I have seenHold on world 'cause you don't know what's coming
Hold on world 'cause I'm not jumping off
Hold onto this boy a little longer
Take another trip around the sunAround the sun
Around the sun
Around the sun
Around the sun
Around the sunLet my dreams set me free
Believe, believe
Now now now now now now
Now now now now now now
Now now now now now now
...
