Time Of Day

From Zero

This is how you'll bleed so you better like
'Cause I stuck you to the ground
No matter what you say it's another lie
Changing me, playing me, taunting me everyday
I can't take anymore of your fucking ways
I was giving you the best
I was giving you the time of day
But you're just like all the rest
I was giving you the best
I was giving you the time of day
But you're just like all
Change is what you need but you never try
And I just don't think you will
You take from me and never give the time
Changing me, playing me, taunting me everyday
I can't take any more of your fucking ways

I was giving you the best
I was giving you the time of day
But you're just like all the rest
I was giving you the best
I was giving you the time of day
But you're just like all the rest
It doesn't really matter what you want from me
It doesn't really matter what you want from me
It doesn't really matter that you walked away
It doesn't really matter, it doesn't really matter
It doesn't really matter what you put me through
It doesn't really matter what you say or do
It doesn't really matter, it doesn't really matter
