I Got What You Want

K'la

Never been the kinda guy
To be hanging around
I'm feelin' it, ain't you feeling it?
Come on baby can you handle it?
Spend a little time with me
Come on figure me out
Try to understand the way it is
Come on baby we can roll with this
No need for shyness
'Cos it ain't rocket science
Don't go complicating the issue
It's easy there's nothin' to it
So what you sayin' baby
No it's no but's no maybe
It's almost party time
Gotta make up your mind
Tell me what you want
'Cos I got what you need
Make it possible
Got what you been dreaming of
Tell me what you want
'Cos I got what you need
Make it possible
'Cos I got what you been dreamin' of
You know that I'm the type of girl
Who can say it out loud
Something's coming over me
This is the way I like to be
I gotta little plan in mind
Do you wanna get down?
Everybody's say's your bad enough
Come on show me if you're really man enough
No need for shyness
'Cos it ain't rocket science
Don't go complicating the issue
It's easy there's nothin' to it
So what you sayin' baby
No it's no but's no maybe
It's almost party time

Gotta make up your mind
Tell me what you want
'Cos I got what you need
Make it possible
Got what you been dreaming of
Tell me what you want
'Cos I got what you need
Make it possible
'Cos I got what you been dreamin' of
I got what you want
It ain't hard to see
Ain't nobody better
That can touch you quite like me
Don't leave it too late
Baby, I can't wait
Do you wanna get down?
Come on tell me do you wanna get, get down
Tell me what you want
'Cos I got what you need
Make it possible
Got what you been dreaming of
Tell me what you want
'Cos I got what you need
Make it possible
'Cos I got what you been dreamin' of
Tell me what you want
'Cos I got what you need
Make it possible
Got what you been dreaming of
Tell me what you want
'Cos I got what you need
Make it possible
'Cos I got what you been dreamin' of
Tell me what you want
'Cos I got what you need
Make it possible
Got what you been dreaming of
Tell me what you want
'Cos I got what you need
Make it possible
'Cos I got what you been dreamin' of
