

# Lance Jr (Live at Electric Lady Studios)

[Courtney Barnett](#)

I masturbated to the songs you wrote  
Resuscitated all of my hopes  
It felt wrong but it didn't take too long  
Much appreciated are your songs. Doesn't mean I like you man  
It just helps me get to sleep  
And it's cheaper than Temazepam. I under-estimated your intelligence  
A little bit of weed mixed with some sentiment  
Over-rated films marked 'XXX'  
Come on play it with some tenderness.
