

Turbonegro Hate the Kids

Turbonegro

Nothing but a lepton -
With no reason to exist -
Not even worth my hate -
On the bottom of my list -I hate the kids -
They got no right to live -
Lowest form of life -
They go no right to live -They make me mad -
And I'll tell you why -
They're skateboard fags -
Why don't they just die -Worthless beings -
Snotty fools -
Pathetic microbes -
Thinking they're so cool -
Think they're so cool -Just worthless insects -
Genetic debris -
Exterminate all bugs -
With agent Zyklon B -
Oh please -I hate the kids -
I hate their clothes -
I hate their stupid looks -
When I play my rock-n-roll -And I won't rest -
Until the judgment day -
Then we'll see who's best -
Just mark the words I say -*Calling a judge-
Destroyer of worlds -
Kill all fools -
Thinking they're are so cool -
Thinking they're are so cool -
Thinking they're are so cool -
C'mon -I hate - hate the kids -
They're not cool -
I hate - hate the kids -
Get back to school -
I hate - hate the kids -
Skateboard maggot -
I hate - hate the kids -
Virus faggot -
I hate - hate the kids -
Suck my asshole -

I hate - hate the kids -
Destroyer of worlds -
I hate the kids -
