

Metal Hand

Damaged Bug

I have a spot in my cold red eye
Like other people do
I memorize, I hypnotize
I fabricate feelings tooI can't feel anything
Like other people do
I look at the sun in the cold red sky
I am not a man at allI have a spot in my cold red eye
Like other people do
I memorize, I hypnotize
I fabricate feelings tooI have a spot in my cold red eye
Like other people do
I memorize, I hypnotize
I fabricate feelings too
