All my ladies, put ya hands up

Girl you got that good, good, I already know  
Tell it by your size, I know you a dancer

Booty paparazzi, pose for the camera  
All my ladies, if you got it let me know  
Because shawty thick in her hips, cold than 'em other  
Licking her lips, a bad mothasucker  
Apple looking so ripe, she make me want a piece  
I give it to her all night so she don't wanna leave  
If you got that bomb, bomb, ba, bomb, ba, bomb, bomb  
Know you got that bomb, bomb, ba, bomb, ba, bomb, bomb

We should go back to my crib, that's what I'ma tell her  
Bring one or two of them 'cause your friends looking kinda jealous  
R-r-rolling papers like propellers blowing mozzarella  
Lotta niggas in the club, who cares I'm the realest  
Tell the waiters we gon need more cases  
And when you think the money's gone we spending more faces  
She with homeboy but she want this  
Six cars, eight chains, three cribs, one Wiz  
Because shawty thick in her hips, cold than 'em other  
Licking her lips, a bad mothasucker  
Apple looking so ripe, she make me want a piece  
I give it to her all night so she don't wanna leave  
If you got that bomb, bomb, ba, bomb, ba, bomb, bomb

Know you got that bomb, bomb, ba, bomb, ba, bomb, bomb  
Ladies, put ya hands up if you that bomb, bomb

And there's so much ice up on my neck, it look like I play hockey  
So hold up, nigga, stop me, all these haters watch me  
I give it up, you're in the deep, you can call me cocky  
Any stage or any beat you know I'ma body  
And Wiz roll that good shit up and he riding shawty  
Because shawty thick in her hips, cold than 'em other  
Licking her lips, a bad mothasucker  
Apple looking so ripe, she make me want a piece  
I give it to her all night so she don't wanna leave  
If you got that bomb, bomb, ba, bomb, ba, bomb, bomb
