

Dancers In the Dark

The Hoosiers

What went wrong
I turned away for just one second now you're gone
Did I blink too long?
'Cause I'm sure my eyes were open
Sure I wouldn't miss a moment Oh! We were dancers in the dark
Thought we'd never be apart that night
So we never saw it coming
And oh! We could've had it all
But the writing on the wall that night
Oh we never saw it coming, no we never saw it coming Where to now?
Now we've gone as far as our time will allow
Tell me how
'Cause I've got no way of knowing
Don't know where my life is going
Oh! We were dancers in the dark
Thought we'd never be apart that night
So we never saw it coming
And oh! We could've had it all
But the writing on the wall that night
Oh we never saw it coming, no we never saw it coming
