

What Do You Want With His Love

[**David Ball**](#)

Don't tell me it's all over
Don't break my heart in two
Happiness is mine when I'm with youIs it true you've found another?
Are you leaving me behind?
What do you want with his love?
You've already got mineSo what do you want with somebody new?
You've already got a love that's true
You're gonna look back and long for the day
You'll want the love you threw awayYou will remember this heart you've broken
If you leave me far behind
What do you want with his love?
You've already got mineSo what do you want with somebody new?
You've already got a love that's true
You're gonna hurt me much more than you know
If you really mean to let me goYou will remember this heart you've broken
If you leave me far behind
What do you want with his love?
You've already got mineWhat do you want with his love?
You've already got mine
