Searchlight

Trocadero

Take one step and make it count
Hold your breath then let it out
What's left unsaid, say it loud
There's a fire in me
That's still burningI'm sending out a searchlight
Shine it out until I find you, oh
Can you bring me back to life
When my heart's in smithereens
I wanna feel what it's like
To be surrounded by you, oh
So I'm sending out a searchlight
To bring you back to meI'm lost again in this night
The sun just leads me into shadows
In my bones, in my blood
You cure my disease
Like a remedyI'm sending out a searchlight
Shine it out until I find you, oh
Can you bring me back to life
When my heart's in smithereens
I wanna feel what it's like
To be surrounded by you, oh
So I'm sending out a searchlight
To bring you back to meLike a wild river
In a hurricane
Like a fallen empire
I will rise again
Take one step
And make it countI'm sending out a searchlight
Shine it out until I find you, oh
Can you bring me back to life
When my heart's in smithereens
I wanna feel what it's like
To be surrounded by you, oh
So I'm sending out a searchlight
To bring you back to me
