Winding Me Up

The Alan Parsons Project

Well it was only a game, she was mine for the asking
And I'd figured the whole thing out
When she told me her name, it was more than a feeling
There wasn't any doubt
Well, it felt so good, it was too hard to break it
Too much for me to explain
But in a matter of time
Gonna be myself again
You've been
Winding me up too long
Over my head, is it day or night?
'Cause woman you ain't so strong
But you caught me by surprise
Burned me with your eyes
Cut me down to size
Saw through my disguise
Well, it was only a game, she was only a number
But I figured it out all wrong
Every time that I said I'll move on tomorrow
I hung around too long
Well, it felt so good, it was too hard to break it
Too much before me to face

Now I got nowhere to run
She knows my every hidin' place
You've been
Winding me up too long
I'm over my head, is it day or night?
'Cause woman you ain't so strong
But you caught me by surprise
Burned me with your eyes
Cut me down to size
Saw through my disguise
Winding me up too long
I'm over my head, is it day or night?
'Cause woman you ain't so strong
But you caught me by surprise
Burned me with your eyes
Cut me down to size

Beat me to the prize
Hurt me with your lies
Burned me with your eyes
Cut me down to size
Saw through my disguise
