Hide Me

Blue Motion

I know You see us, I know You hear us
And You fill us when we pray
You understand us, see deep inside us
Translate tears then take them awayI'ma be honest, there are times
Your ways and method's, I don't understand
You seem so far, tell me who You are
I know Your touch, but can't see Your planI'm lost in this thing called life
Left to me, now feels right
It's Your turn now
I wanna be where You areHide me, let me live behind You
Cause I need shelter from the rain
Remind me the only way my faith can grow
Is when You let Your winds blow
You're making me stronger now
So rain, don't go away, don't go awayI admit, it'd be nice
To have some light shine down on me
Especially when what I shall be
You don't always let me seeIt ain't easy but I'm trying
Hard to get out of Your way
To believe that what You say
That my change begins todayThe road includes some pain
And to grow you need some rain
And when it falls
I wanna be where You areHide me, let me live behind You
Cause I need shelter from the rain
Remind me the only way my faith can grow
Is when You let Your winds blow
You're making me stronger now
So rain, don't go away, don't go awayCause there's some much I see
Needs to grow inside of me
In the fire I realize
Before I live, I have to diePlease believe me when I say
I can't waste another day
It's so easy to complain
But complain don't make a changeNot the victim anymore
All the things God has in store
If I ain't ready don't let the rain
Go away, don't go awayHide me
Cause I need

Remind me the only way my faith can grow
Is when You let Your winds blow
You're making me stronger nowYou're making me stronger now
You're making me stronger now
You're making me stronger now
You're making me stronger nowYou're making me stronger now
You're making me stronger now
You're making me stronger nowYou made me stronger now
You made me stronger now
You made me stronger now
You made me stronger nowHe made me stronger now
Shes made me stronger now
They made me stronger now
They made me stronger nowYou made me stronger now
You made me stronger now
You made me stronger now
You made me stronger nowYou made me stronger now
You made me stronger now
You made me stronger now
You made me stronger now
