

Pipe (feat. XNDA)

Christina Aguilera

[Intro: Christina]

Oh, oh yeah [Chorus: Christina]

I get loud when you put that pipe down, pipe down, pipe down

I wanna celebrate you right now, right now, right now

Got me sendin' for you all across town, cross town, cross town

I wanna celebrate you right now, right now, right now, hey [Verse 1: Christina]

I just sent a driver, he's on his way

Shouldn't be no traffic on this time on Saturday

[?] highline

Walked in on the list, fuck a go sign

Make sure that you're checkin' on your texts

Tryna hurry up and get my body out this dress

Yeah, that's right I'll send you with my money and my own time

But when it comes to you I'm always on time

I need some receipts, ooh

All the shit that you said you gon' be doin' to me last week, oh

Oh, I need some receipts

Got a couple secrets that I'd really love to see if you could keep

Damn boy, you remind me of my jeep

[Chorus: Christina]

I get loud when you put that pipe down, pipe down, pipe down (yeah)

I wanna celebrate you right now, right now, right now (ooh)

Got me sendin' for you all across town, cross town, cross town (ooh)

I wanna celebrate you right now, right now, right now [Verse 2: Christina]

Don't you know, don't you know

That I got that rah-rah-rah rocky boat

Bet I'll make you splash like Geronimo

If you don't like it fast, I could take it slow

Wanna show you how much I missed ya

My schedule flexible so I switched up

Permanent vacation, we should go away

Way too much for me to wanna throw away

I'm hopin' that you're racin' through the signs

I got a surprise and it ain't even Valentine

Even if you ain't, just say you offer peace of mind

Know you got it all but you should have a piece of mine

[Chorus: Christina]

I get loud when you put that pipe down, pipe down, pipe down

I wanna celebrate you right now, right now, right now (woo)

Got me sendin' for you all across town, cross town, cross town (yeah)
I wanna celebrate you right now, right now, right now[Verse 3: XNDA & Christina]
You know I got a wild imagination
I like to play the doctor, operation (yeah)
Spread it on the bed like a patient (yeah)
I'm about to show you domination (yeah, how)
Got the 'nana drippin' like a water fountain (yeah) (drip drip)
Ooh na na na girl I could eat it up (eat it up)
I'mma dive in, touch the ocean floor
You already know what you came here for (lay it down now)
You know that I'm grown and I'm 'bout it (yeah I'm 'bout it)
And I know what to do witcha body (witcha body)
Every single time that you drop it
Trust me I know what to do with it[Chorus: Christina]
I get loud when you put that pipe down, pipe down, pipe down
I wanna celebrate you right now, right now, right now
Got me sendin' for you all across town, cross town, cross town
I wanna celebrate you right now, right now, right now, hey[Outro: Christina]
Yeah, yeah
Yeah, yeah oh
Yeah
Mmm, lay it down now
