

# Invitation

## Norman Connors

I wasn't planning to stay  
I turn to leave and you look my way  
Then something deep in my soul  
Started burning all out of control

Then you invited me  
To take your hand  
You invited me  
Romance  
You invited me  
Into your chance rome  
You excited me

I felt like I could fly  
We dance on clouds way up in the sky  
You whispered into my ear  
Those words I always wanted to hear

Then you invited me  
To take your hand  
You invited me  
Romance  
You invited me  
Into your loving heart  
You excited me

And on through the night  
We seem to flow on glossily  
And on through the night we explore of kind love  
I didn't plan to go to a dance and fall in love  
Boy here I am in love with you

And now it's time to go home  
But still there are feeling we yet to rome  
And I think I should go  
My mind says yes but my heart says no

Then you invited me  
To take your hand

You invited me  
A chance  
You invited me  
To spend a night with you  
You excited me  
You excited me  
You excited me  
You excited me

You gave me an invited to romance  
Invited to romance
