Blind Hearts

Xymox

How long will it take
Before you see
There is no room for you
Inside of meDeep in our hearts
We are alone
Deep in our blind hearts
Skin and boneIn many ways
Youve lost your dignity
Hey girl, give up
Your hopeless ecstasyDeep in our hearts
We are alone
Deep in our blind hearts
Skin and boneKiss high Heaven
Kiss one other
Kiss the Earth
And kiss the seaEverything instead of me
Everything instead of me
Kiss your precious destinyDeep in our hearts
We are alone
Deep in our blind hearts
Skin and boneDeep in our hearts
We only know
Deep in our blind hearts
Skin and boneBone of contention
Bone of contention
Bone of convention
We only knowDeep in our hearts
We are alone
Deep in our blind hearts
Skin and bone
