

Fiscal Year

The Dissidents

Seagram's gin on the TV
What a strange thing to see
What a strange thing to hear
It's going to be a fiscal year

Month to month and a year to fear
It's going to be a fiscal year
No need to shed tears
It's going to be a fiscal year

We got lost in a bottle of gin
Refill my glass again
What a strange thing to do
When the president talks away from you

Month to month and a year to fear
It's going to be a fiscal year
No need to shed tears
It's going to be a fiscal year
