Sugar

Paper Route

Under the eyelids (x2)
Thats where youre hiding (x2)
Like Im a stranger
Signaling danger
But Im a beggar (x2)Take me back
Take me home
You were right all along
You are where I belong
Where I belongIf theres a sonnet
That makes you feel wanted
Then sugar Im on it, sugar Im on it
Water to world
A shell to a pearl
Is how Ill protect you
Ill always protect youTake me back
Take me home
You were right all alongYou are where I belong
Where I belong
x2Ive given you all I am
Given you all I am
x2You are where I belong (x2)If Im the great sea
Youre what Im reflecting
Blue in the evening (x2)
You hit like the lightning
A beauty so frightening
The earth was divided (x2)
