

# Rest

## Bluetree

Ooh baby [2x]  
Bereaved lady  
    Ooh baby  
    Ooh baby [2x]  
He carved you like a stone  
    Then left your side  
        Stop [2x]  
        Ooh baby  
        Slow steady  
    Heaven's waiting  
        For you baby  
        Ooh baby [2x]  
    He took your soul  
    And left you out to dry  
        Stop

Now, you're home free at last  
    And the cracking whip  
        That howled  
    And scarred your back  
        Has stopped  
        Ooh it stopped  
        Ooh baby [2x]  
        Love baby  
    Your, your only crime  
        Ooh baby  
        Stop [2x]  
        Ooh baby [2x]  
        Love baby  
    Your, your only crime  
        Ooh baby  
        Stop [2x]
