God Flintstone

Urge Overkill

Sun came shining through the rain looks like it is going to be a rainbow day Fruity pebbles fall from the sky all the colors of the rainbow high was soothing my soul till I seen it sail away Bedrock in the sky with Jesus Christ Rubble sitting on the Right Hand a hand with four big toes Now I am not wigging on disney anymore God Flintstone loves me this I know Aghast I walk these streets of stone at last I find myself alone Now night is falling on the shapeless sun I beg forgiveness for the things I have done No citizens for miles and miles I await my judgment with a smile sallysally@usa.net
