

# My Small Love

## Grandaddy

I don't get you  
I lost my way I don't get anyone  
I don't get any of this  
Seems nothing's what I get  
My x-rays black My small love burnt in the sun  
I've lost my way  
I don't get anyone  
I don't get you  
My small love burnt in the sun I lost my way
