

Jet Set (sigh)

Stephen Stills

If you do grow
Then you must know
When you get so jive
You only half alive
Show me right now
That you know how
You can stand up
Look in a mirror and sigh
Get your feet wet
Run with the jet set
Be a good girl
Go around the world

But the longer it goes on
The harder you hang on
Till you stand up
Look in a mirror and sigh
Try to be cool
You just be the fool
Let it be known
You ain't full grown
And its all right
Don't put up such a fight
You can stand up
Look in a mirror and sigh
