

# Green Gloves

## The National

Falling out of touch with all  
My friends are somewhere, getting wasted  
Hope theyre staying glued together  
I have arms for themTake another sip of them  
It floats around and takes me over  
Like a little drop of ink  
In a glass of waterGet inside their clothes with my green gloves  
Watch their videos in their chairs  
Get inside their beds with my green gloves  
Get inside their heads, love their lovesCinderella through the room  
I glide and swan  
'Cause Im the best slow dancer  
In the universeFalling out of touch with all  
My friends are somewhere, getting wasted  
Hope theyre staying glued together  
I have arms for themGet inside their clothes with my green gloves  
Watch their videos in their chairs  
Get inside their beds with my green gloves  
Get inside their heads, love their lovesNow I hardly know them  
And Ill take my time  
Ill carry them over  
And Ill make them mineGet inside their clothes with my green gloves  
Watch their videos in their chairs  
Get inside their beds with my green gloves  
Get inside their heads, love their loves
