Memphis Bleek

Memph Bleek is murda
Memph Bleek is drugs
Memph Bleek is money
Memph Bleek is money holda
Shot caller, blunt smoka, hot roller
Memph Bleek is murda

Memph Bleek is drugs
Memph Bleek is money holda
Shot caller, blunt smoka, hot roller
Memph Bleek where the hoez at be where the dough at
Treez, yo I blow dat C's yo I hold that
Guns, yo I tote that O's, sold that
Blow niggaz for stuntin', fuck y'all frontin'
The war you could get that spit till I sip that
Gunz, neva sit back money I'ma get that
Mind I don't play y'all Bleek's still the same y'all
Aim the rod then I blaze the squad
All the hoez roll the weed up, you know that it's G's up
Roll till you eat some I flow for the threesomes
Chickens I don't need them snitches I'ma see them
Meet 'em with the gunz and heat 'em with the one's
If you feel that you die-proof, .45 proof
I'll find where they hide you, outline you
You niggaz know the name and my bitches know the game
I'm in it for life and want all y'all to say
Money, drugs, murder for life, what you think y'all?
Memph Bleek is murda

Yo these streets, I control now creep on the low now
Empty and reload now see me on the flow now
Drugs I could move quick thug on my new strip
Pump till I move bricks floss till I lose chips
Flow got it gemmed up, accord got it rimmed up
Roll wit da dog on top is where you end up
Ride in a hot whip live in a hot crib
Spend what you got Memph I'm about that hot shit
Bitches give me brain now Bleek do his thang now
Eat 'em hoez the same now creep in the game now
Lay up wit the right bird, me, I'm tryin to slice first
Tryin' to flow suttin' you go head and owe suttin'

And break me off wit some of the O's or suttin'
