

Millionaire

Thao & The Get Down Stay Down

Shatter what you will not carry
Smash what you won't bear
Oh Daddy I broke in a million pieces
That makes you a millionaireA man gone missing has no fortune
Shame too hot to keep
You...you've been thievin'
Take and leave as you pleaseSpring and coil
For cover now
Though the windows whip us over
It's still summer somehowWell I've been betrayed before
Well I've been betrayed before
??
???I must insist
I must insistShatter what you will not carry
Smash what you won't bear
Oh Daddy I broke in a million pieces
That makes you a millionaireShatter what you will not carry
Smash what you won't bear
Oh Daddy I broke in a million pieces
That makes you a millionaireShatter what you will not carry
Smash what you won't bear
Oh Daddy I broke in a million pieces
That makes you a millionaireI must insist
I must insist
