

Water Shows the Hidden Heart

Enya

From the City of Constellations
To the wanderer
And a Place of Rains
He journeys on
The City of hesitation and doubt
The Island if the house the color of the sea
The Plain of Mementoes
He journeys on to find his love
Th Valley of lost time
The City of End and Endlessness
The Isle of Revenents
He journeys on
The City of Solitudes
The City of distance from you
The City of Words of blue
And yellow and red and green
He journeys on to find his love

Where the road takes him through
The City of Sleep
The thinking that does not end in within him
Then he dreams
The road takes him
This man who is searching
It brings him
In silence through the night
Where the Cities that do not Exist, exist
It brings him
In silence through the night
Close to the City of Realizations
It is here one finds the way
Mount Orison
The City of Days
The Tree of the lost
He journeys on
North of his love
A road through a valley of darkness
The islands that are not of this world

He journeys on to find his love

It is a long way through darkness

To the way of the eremite

To the eremite sings of the world and of

The journey of love, which is not lost in eternity

The Valley where the moon is caught in trees

Water shows the hidden heart

Endlong into midnight

He journeys on

The parable of day

The Room of Books

Where the winds come to him and say
