

Just A Little Heat

The Black Keys

Just a little heat
From now on, it's a cold day
You know it would take
My worry away, worry away Shake my hand, can't let go
No matter what you said
'Cause I already know Believe in this place
'Cause you, you got it written
All over your face Why can't trouble find a new friend?
'Cause this can't be the way
For the story to end, oh no Shake my hand now, I can't let go
No matter what you said
'Cause I already know Believe in this place
'Cause you, you got it written
All over your face
