Here We Are

Lene Marlin

eping my distance
I look but I dont really see
Its like things lose their color
And people are walking right through me
To not pay attention
Not easy to see whats passing you by
I gave it a try
Did not see you coming my wayNow you wanna hold my hand
You chose to take it
The truth is that I never really thought wed make it
Here we are
No chance Im leaving
Ideas of love and life for sure can be deceiving
Here we are nowHow come it just happened?
By that moment I should've known
A purpose of meeting
Like then I did not believe you so
Somehow you got to me
Never again will I put up a fight
When everything's right
Finally everything's rightNow you wanna hold my hand
You chose to take it
The truth is that I never really thought wed make it
Here we are
No chance Im leaving
Ideas of love and life for sure can be deceiving
Here we are now
