Put You Down

Alice In Chains

Heartbreaker, feelin' alright
Body over, mind
It's slower, reduction is addictive too
Personality overview
I can see what the cost will be
You know, I don't need you
And I just can't put you down
I can see what it all means to me
Honey, I don't need you
I just can't put you down
I can't put you down
Hard drinker, feelin' uptight
Your maker, mine
It's slower, reduction is addictive too
Personality overview
I can see what the cost will be
You know, I don't need you
I just can't put you down
I can see what it all means to me
Honey, I don't need you
I just can't put you down
Put you down, down, down
Gonna put you down, down
Put you down, down, down
Gonna put you down, down
Put you down, down, down
Gonna put you down, down
Put you down, down, down
Gonna put you down, down
Everything you buy is for the jingle
Every time you lie it's all the same
Oh, if you need a rhyme to kill the singer
Shoot me dead before I may be through
