

Uh, Zoom Zip

Soul Coughing

Uh, zoom zip and uh, wake up, uh, zoom zip
Uh, zoom zip and uh, wake up, uh, zoom zip My eye like a noisegate, the number 8 frustrate
And I roll to the floor fruit to the fruit
To the core of a spheroid embedded in my skull
The round, the zero, the symbol of null and void And well, I toyed with the concept
Of Vitamin B-12 the synapse, the synapse
It feeds itself on a nutrient, contained in sunlight
The blink, the lid, the fight, to snap open Uh, zoom zip and uh, wake up, uh, zoom zip
Uh, zoom zip and uh, wake up, uh, zoom zip Uh, zoom zip and uh, wake up, uh, zoom zip
Uh, zoom zip and uh, wake up, uh, zoom zip Moving up to the double M-2000, I eat up a decade
Like a flan your turn of the century
You turn it up turn it up clock seconds
To the hour go and cash the millenium Um um and it hums like a migraine
To the brain in the time yet remaining but
Uh ah melancholy nonsense
And I crack nouns brotherfuck the verb tense Uh, zoom zip and uh, wake up, uh, zoom zip
Uh, zoom zip and uh, wake up, uh, zoom zip Uh, zoom zip and uh, wake up, uh, zoom zip
Uh, zoom zip and uh, wake up, uh, zoom zip Recombination, then viacom, safeway

Recombination, then viacom, safeway
Recombination, recombination Recombination, then viacom, safeway
Recombination, then viacom, safeway
Recombination, then viacom, safeway
