

# Take a Letter Miss Gray

Carl Belew

Take a letter Miss Gray it must go out today  
And I know you already know what it's gonna say  
It's to the one I'm tied to the one I'm leaving for you  
Tell her that it's all over and I can't help what I've done  
Make it straight and to the point there's no use lying that won't do  
Make three copies one for her one for me and one for you  
And just sign it simply John you can tell her you're the one  
And oh yes PS please forgive what I've done  
[ piano ]  
Make it straight...
