

# **Kick Ass**

## Mika

We are young  
We are strong  
We're not looking for where we belong  
We're not cool  
We are free  
And we're running with blood on our knees  
We could rule the world  
On a silver platter  
From the wrong to the right light  
To an open stream  
With a crash and burn  
We could make it better  
Turn it upside down  
Just you and me  
We are the dream  
No other way  
To be  
We are young  
We are strong  
We're not looking for where we belong  
We're not cool  
We are free  
And we're running with blood on our knees  
I could change the world  
I could make it better  
Kick it up and down  
Take a chance on me  
When you fake a smile  
And you think you're better  
Gonna put it down  
Rip (?) it at your feet  
No bridge to burn  
Nowhere to turn  
For me  
We are young  
We are strong  
We're not looking for where we belong  
We're not cool

We are free  
And we're running with blood on our knees  
                  We are young  
                  We are strong  
We're not looking for where we belong  
                  We're not cool  
                  We are free  
And we're running with blood on our knees  
                  What do they know about us?  
                  Are they thinking of somebody else?  
                  Are they wondering what we might be?  
                  Are they thinking of you or of me?  
                  We are young  
                  We are strong  
We're not looking for where we belong  
                  We're not cool  
                  We are free  
And we're running with blood on our knees  
                  We are young  
                  We are strong  
We're not looking for where we belong  
                  We're not cool  
                  We are free  
And we're running with blood on our knees  
                  We are young  
                  We are strong  
We're not looking for where we belong  
                  We're not cool  
                  We are free  
And we're running with blood on our knees
