

You Used To Hold Me (Jason Ross Remix)

Calvin Harris

Knocked down everything I tried to do.
That sounds something like me holding you.
I've known this can make you understand.
Take my spirit from my open hand. You used to hold me
You used to hold me
You used to hold me me me me, yeah
You used to hold me me me me, yeah
You used to hold me me me me, yeah
You used to hold me me me me, yeah You know better than I do. Knocked down everything I tried to do.
That sounds something like me holding you.
I've known this can make you understand.
Take my spirit from my open hand. You used to hold me
You used to hold me
You used to hold me me me me, yeah
You used to hold me me me me, yeah
You used to hold me me me me, yeah
You used to hold me me me me, yeah You know better than I do. You used to hold me
You used to hold me
You used to hold me me me me, yeah
You used to hold me me me me, yeah
You used to hold me me me me, yeah
You used to hold me me me me, yeah
